- 28" Dia. x 10'-0" x 180°
- 30" Dia. x 10'-0" x 180°
- 32" Dia. x 10'-0" x 180°
- 34" Dia. x 10'-0" x 180°
- 36" Dia. x 10'-0" x 180°
- 38" Dia. x 10'-0" x 180°
- 40" Dia. x 10'-0" x 90°
- 42" Dia. x 10'-0" x 90°
- 44" Dia. x 10'-0" x 90°
- 46" Dia. x 10'-0" x 90°
- 48" Dia. x 10'-0" x 90°

NOTE: All Column Covers are recessed for tape and bed joints.

OPTION: All Columns can be made without tape and bed recess to allow use of vertical caulk joint. This is recommended at exterior columns where thermal expansion and building movements are expected.

Columns taller than 10' (some are available up to 15') will be made in stacking sections. All exterior columns will have a caulk joint at horizontal joints.

Contact local representative for additional information regarding mold availability.
